## TAFT SPECIAL TRAIN HAS A CLOSE CALL

Section Hand Finds Dynamite Under Bridge.

DOES BATTLE WITH STRANGERS

Two Men Seen Hanging Around Tracks Flee in Darkness and Authorities Are Notified—Thirty-six Sticks of Explosive and Ten Feet of Fuse Removed—One Theory Is That Attempt to Wreck Train Was Due to Shopmen's Strike.

San Francisco, Oct. 17.—Officials of the Southern Pacific railroad received a report from C. B. Brown, section foreman at Naples, Cal., giving details of the discovery of 36 sticks of dynamite under Cairtan viaduct 30 miles north of Santa Barbara, several hours before President Taft's train passed over the bridge en route to Los Angeles. The dynamite was found after the watchman engaged in a revolver battle with two men, who escaped.

After the pair had escaped in the darkness, the watchman returned to the bridge and began an investigation. Near the center of the span, lodged on one of the supports of the viaduct, he found the 36 sticks of dynamite with a 10-foot fuse attached to one of the sticks. He left the find untouched, going immediately to Santa Barbara and notifying the officials.

It is said here that there is no doubt that the dynamite was placed to destroy the bridge, and that the probable killing of the president of the United States may not have entered into the calculations of the plotters. Railroad officials as well as the police authorities say they believe the idea of the would-be dynamiters was to destroy the bridge in order to delay the passage of the president and throw discredit on the widely printed assertion of the Southern Pacific that it was running its trains on schedule time despite the strike of the shopmen.

### TALKS ABOUT LEMONS

Taft Tells Californians Tariff Will Not Be Disturbed.

Los Angeles, Oct. 17.—President Taft spent a day in insurgent southern California and received a hearty welcome in Los Angeles and Pasadena. The streets were thronged and there were cheers all along the route. It was entirely a nonpartisan reception. Senator Works and Governor Hiram Johnson of the insurgent wing of the Republican party accompanying Mr. Taft on all his travels.

The president's principal address was here on the subject of vetoes and the tariff board. Following an appeal for support for scientific revision of the various schedules based upon reports of the tariff board, Mr. Taft called out a storm of cheers by announcing to the lemon growers that the tariff on their product would not be changed until the tariff board had time to investigate and report on the difference in the cost of production at home and abroad.

### Prison Congress In Session.

Omaha, Oct. 17.—The American prison congress, with delegates from the United States, Canada, Mexico and Cuba, opened a week's convention with Henry K. W. Scott, warden of New Hampshire state prison at Concord, in the chair.

### Boy Held on Serious Charge.

Cincinnati, O., Oct. 17.—Bradley Brock, 16, is detained by the police to answer a charge of shooting to kill. According to the officer who arrested him Brock admitted shooting Arthur Frizzell, an old-time enemy.

## THE M'NAMARA TRIAL IS GIVEN NEW IMPETUS

Judge Bordwell Excuses Talesman Nelson For Cause.

ADMITTED HE WAS PREJUDICED

Two Veniremen Passed by Defense, but May Yet Be Excused by Prosecution—Everyone Connected With Trial Weary of Long Delays and Attempt Will Be Made to Expedite Matters—Clarence Darrow and Joseph Scott Close Argument.

Los Angeles, Oct. 17.—Venireman Z. T. Nelson, after being the object of a spirited controversy between the prosecution and the defense for days, was excused from service in the case of James B. McNamara, charged with dynamiting the Times building. When the court's work for the day had been concluded two other veniremen had undergone partial examination at the hands of Clarence Darrow, attorney for the defense.

While the prosecution may yet challenge Veniremen John W. Roberts and Robert F. Bain, for cause, these two men have been passed temporarily, which is taken to indicate that the case will proceed more rapidly from now on.

Nelson's disqualifications for cause came at the end of a series of questions propounded to him by Judge Bordwell. Attorneys Clarence Darrow and Joseph Scott concluded the argument for the defense against Nelson, whereupon Judge Bordwell interrogated the venireman. Nelson virtually admitted that it would be difficult for him to render an impartial decision on the case if he was chosen for jury duty. He said it would take pretty strong evidence to convince him that the McNamara brothers were not guilty of blowing up the newspaper office.

Finally the district attorney withdrew his objection to Nelson's being dismissed for cause, and the court ordered him discharged. Attorneys for the prosecution, the defense and the court as well as chafing under the delays, and inasmuch as the case of Nelson has been decided, it is believed that this will serve as a precedent and that the case will proceed more expeditiously.

## Justice Harlan Is Buried

Washington, Oct. 17.—The funeral services for the late Justice Harlan of the federal supreme court were held this afternoon, with the justices as honorary pallbearers. After a brief private service at the house, a public ceremony was held in the New York Avenue Presbyterian church. The burial in Rock Creek cemetery was private.

## La Follette Boom Is Born In Chicago

James R. Garfield Helps Draft Indorsement.

Chicago, Oct. 17.—In their first annual conference, two hundred progressive Republicans indorsed Senator Robert La Follette of Wisconsin for president and declared in favor of a direct primary as means for the expression of the presidential choice.

The indorsement came in the shape of resolutions framed in part by Former Secretary of the Interior James R. Garfield, who, it is held by the delegates, appeared as expressing the views of Theodore Roosevelt and who, it was feared, would oppose a declaration in favor of any individual.

The resolution followed a day of La Follette enthusiasm, in which his name was cheered repeatedly as it was mentioned by a dozen speakers. Contrary to expectation, the conference was concluded in one day, most of the delegates left the city, and the progressive program outlined for today is being devoted to support of state and local candidates and conditions.

### SENATOR CLAPP

Will Tour Ohio to Urge Progressive Constitution.

### ACCEPTS INVITATION

Senator Moses Clapp Will Speak In Ohio Cities.

Chicago, Oct. 17.—Senator Moses E. Clapp of Minnesota will make a flying trip through Ohio during the last week of the campaign for a progressive constitution. He will speak in the interest of progressivism generally, but especially will urge that only such delegates be elected to the constitutional convention as will pledge themselves to the initiative and referendum.

Senator Clapp's tour will be under the auspices of the Ohio Progressive Constitution league. He will speak in Toledo Nov. 1, Columbus Nov. 2, and in Cleveland and Cincinnati Nov. 3 and 4, definite dates to be arranged later.

## Baker's Home Run Wins For Athletics

Marquard Makes Mistake By Ignoring Meyers' Sign.

### GIANT'S PITCHER WAS NERVOUS

More Than Twenty-six Thousand Fans Put Up Price to See National and American League Pennant Winners Battle For World's Championship on Quaker City Grounds. McGraw Not in the Least Discouraged and Predicts Easy Victory.

Philadelphia, Oct. 17.—Frank Baker, star third-baseman of the Athletic baseball team, was the hero of the second of the world's series games, his home-run smash over the right field fence being the winning factor in the sixth inning. It was made when Eddie Collins was on second and scored the two runs necessary to break the tie and win the game.

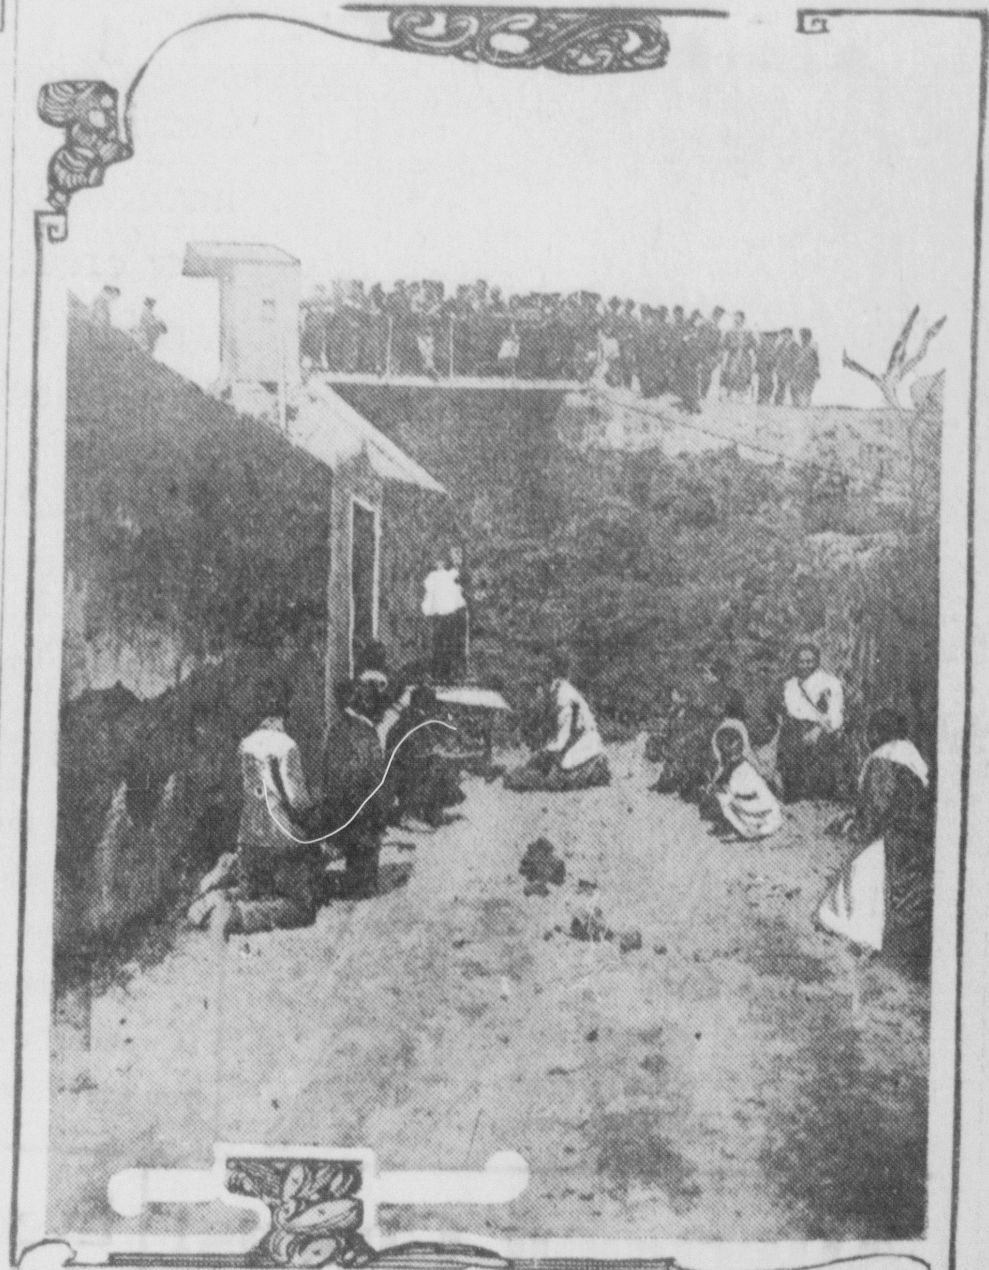

The Giants had done their utmost to keep "Rube" Marquard from going into the air, but when the crucial moment arrived Marquard became obstinate. He refused to accept a signal from Chief Meyers for a curve ball and shot a straight fast one over the pan instead. The error was fatal, for Baker met the ball waist-high with a terrific swing that proved the undoing of McGraw's men.

Marquard was clearly nervous in the first inning when Lord scored the Athletics' first run on a clean single, poor handling of the ball by Murray, a sacrifice and a fearfully wild pitch. In five other innings Marquard was at his best, using great speed with splendid control, and receiving superb backing from Meyers. Had he listened to the big chief's advice, he might have escaped the humiliation of defeat, and it was evident that McGraw was pained by the incident when he sent Crandall to bat in the Rube's place in the eighth inning.

Opposed to Marquard was Connie Mack's star southpaw, Plank, and he pitched magnificent ball. With the exception of the second inning, when Herzog scored the Giants' only run on a two-bagger, an infield out and a timely single by Meyers, Plank had the New Yorkers at his mercy. He struck out Devore four times in succession, also fanning four other batsmen. The New Yorks made five hits to the Athletics' four, but Plank clearly outpitched Marquard. The Quakers fielded brilliantly, without an error, and received constant encouragement from thousands of followers who surrounded the playing surface and covered the neighboring house-tops. It was a clean-cut triumph.

## Flow of Lava From Mount Etna Was Slow, but Very Destructive

MOUNT ETNA has recently been more than ordinarily active and has sent out streams of lava that have done untold damage to the farms and fruit orchards on its sides. There was no loss of life, for the eruption was not violent. In flowing down the mountain the streams of lava move slowly, sometimes going only a few miles a day, but the progress is resistless, and everything within its course is destroyed. Residents of the districts that have been invaded have been warned in time to save their household belongings, but buildings have either been burned or buried. The picture above shows the railroad station at St. Genarro on the side of the volcano where one stream of lava stopped after destroying the railroad. In the foreground there are a number of peasants on their knees praying that their homes and property might be saved from the destruction that seemed imminent.

## Would Import Farm Labor

Farmers Think Foreigners Should Be Admitted on Contract.

Columbus, O., Oct. 17.—Scarcity of farm labor furnished a theme for discussion at the closing session of the farmers' national congress. Various schemes were suggested for aiding farmers to secure labor, one of the most serious problems that faces them now, it was declared. It was proposed in a resolution that congress be asked to enact a law exempting farm labor from contract labor laws, which prohibit contracting of laborers in foreign countries. No formal action was taken. The place for holding the next meeting will be decided later.

## Will Try Him Out

Eleanor Sears Announces Conditional Engagement to Vanderbilt.

New York, Oct. 17.—Miss Eleanor Sears, Gotham's girl athlete and society bud, is out with a new one. This time it is a trial engagement, a probationary betrothal to Harold Sterling Vanderbilt, member of the famous New York family. Miss Sears' mother announced that the trial engagement of her daughter would last a year. At the end of that time she and Harry can marry—or quit.

## Celestials In America Ask Taft To Maintain Neutrality.

San Francisco, Oct. 17.—The Chinese National association, from headquarters in this city, sent copies of this telegram to President Taft in Los Angeles and to Secretary of State Knox in Washington:

"The Chinese National association, representing three-fourths of the Chinese residents of the United States, British Columbia and Mexico, earnestly request the United States government to use its best offices to maintain and preserve the neutrality of the powers towards the revolutionary struggle now in progress in China, in order that her integrity may be preserved and a stable government established."

Three imperial Chinese gunboats were sunk by shells from Hankow forts, in the hands of the rebels, according to cable advices received by the Chinese Free Press in this city. The fourth gunboat, with Sui Ching, viceroy of the province of Hupeh, escaped to the protection of the foreign warships anchored in the vicinity of the foreign concessions.

### Mourners Flee For Lives.

Bellefontaine, O., Oct. 17.—While the sorrowing widow and children were seated around the bier of John Hosteller the house suddenly became a mass of flames, and the mourners fled for their lives, leaving the corpse in the building. The body was pulled from the burning house by neighbors. The house burned to the ground.

### Turkish Fleet Sails.

London, Oct. 17.—A dispatch to the Daily Mail from Gallipoli, European Turkey, says that a division of the Turkish fleet sailed from the Golden Horn for an unknown destination. The number of ships was uncertain, owing to the unfavorable light.

OWNER OF RABID DOG

## WAS BITTEN

LIVES IN CHILLICOTHE

The owner of the dog which bit the three small children near Good Hope last Thursday evening, has been found. The animal belonged to Dr. S. C. Barr, of Chillicothe, who claims that some one stole the animal on Wednesday, but it returned on Thursday, dragging a rope with which it had been tied. It disappeared again a little later and he supposed that it had been stolen again, but there seems to be no doubt about the animal having freed itself and wandered away.

Dr. Barr claims that the dog was about one year old, and that it had not shown any unusual symptoms. It is believed that other persons between Chillicothe and Good Hope may have been bitten by the mad brute.

Harriet, the little daughter of Mr. and Mrs. Peter Renick, who was so horribly bitten by the dog, is being treated in Columbus, Dr. S. E. Boggs taking the child there Saturday. She is doing fairly well, but is very nervous and restless.

The other children are being treated at home, Dr. Boggs administering the treatment to the Myers child and Dr. Hughey to the little Holdren girl.

Later reports are to the effect that Dr. Barr, the owner of the dog, was himself bitten by the animal on Wednesday last. Dr. Barr claims that at that time there was nothing wrong with the dog.

IS THE WORLD

GROWING BETTER?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see, 50c at Blackmer & Tanquary.

### Serious Injuries To Farmer

Mr. Joseph Hare, a well known farmer residing a mile and a half below Staunton, met with a very serious accident Tuesday morning, the extent of the accident as yet not fully known.

Mr. Hare was in his orchard standing on the top of an 18-foot ladder picking apples, when he slipped and fell to the ground. Half way down he struck the ladder which broke the force of the fall somewhat and probably saved his life.

Dr. A. A. Hyer answered a hurried summons and found Mr. Hare suffering intensely, with two ribs fractured and serious injuries to the spine, shoulder and knee.

## SITES ISSUES STATEMENT IN MAYORALTY FIGHT WILL STAY TILL END

**Says Efforts Have Been Made to Secure His Withdrawal**

**FIGHT WILL BE THREE-PLY**

**According to Present Indications. Campaign Grows Hotter Every Minute.**

An investigation of the rumors afloat that Mr. T. P. Sites, candidate for mayor on the Democratic ticket, would withdraw from the race seems to prove that such a movement upon the part of Mr. Sites is farthest from his intentions. He declares most emphatically that regardless of efforts to have him withdraw, he will remain upon the ticket.

Mr. Sites makes the following statement regarding his intentions: To the Public:

I wish to take this means of stating that all reports and rumors that I will withdraw from the Democrat ticket in the present contest for the office of mayor of Washington, are false and without foundation, and, although strenuous efforts have been made to induce me to withdraw in favor of Mr. Smith, I wish to state that I shall be in the field until the citizens of Washington decide by ballot who shall be their next mayor.

I stand for a progressive city and shall work to win.

T. P. SITES, Democratic Candidate for Mayor of Washington.

This seems to assure that the contest for mayor will be a three-cornered one with Mr. Smith, Republican, who has also been endorsed by the "citizen's ticket", Mayor Allen, independent, and Mr. Sites, Democrat. The contest bids fair to be fought with all three candidates in the field.

Since the new ticket was launched and one of the two new candidates has announced his withdrawal, politics have been unusually quiet.

### Macklin Stricken; Gained Notoriety

County Commissioner Zachariah N. Macklin, of Pickaway county, whose wife sued him for divorce some time ago and last week was awarded a divorce and liberal alimony, was stricken with paralysis Monday morning while walking down the streets of Circleville, and is now in a serious condition.

Macklin was found guilty of being too familiar with a young woman of Circleville.

The paralytic stroke affected his entire right side and his speech. He is now in the hospital at the point of death.

## Y. M. C. A. Memberships Explained

The handsome building of the Young Men's Christian Association is now under roof, the work is being rushed to completion, and ere the passing of the year 1911, will see it finished, ready to turn over to the trustees.

Committees of the association are actively engaged in planning for the conducting of a membership campaign, arranging the courses for the night schools, the Bible classes, gymnasium classes, etc.

There are a great many people asking questions concerning memberships and in order to settle such questions, we have had the secretary of the Y. M. C. A. prepare the following:

There are to be four distinct memberships in the Association. The Juniors, for boys from 11 to 15 years of age. Intermediate, for boys between 15 and 18. Senior, for all over 18 years. The Rural for all men and boys residing in the county outside the corporation limits of Washington.

The cost for memberships will be as follows:

Junior .....\$4.00 per year  
Intermediates .....\$5.00 per year  
Seniors .....\$6.00 per year  
Rural .....\$2.50 per year  
and a sustaining membership, \$10 or more. After the first year, a dollar discount will be made on all memberships, renewed within 30 days of expiration.

Junior membership entitles the holder to use of gymnasium, in 3 regular classes each week, swimming pool, shower baths, locker room, reading room, game room on second floor and all privileges of this class, each week day from 9 a. m. until 6 p. m.

The Intermediate includes 3 gymnasium classes each week, use of swimming pool, locker room and shower baths, game room on second floor and other privileges, from 9 a. m. to 9 p. m.

A Senior membership includes use of gymnasium three times each week and any time when no regular class is on the floor, swimming pool any time when not in use by a regular class. The big game room in the basement, where will be found a couple dozen good games. The big lobby, reading room, etc., from 9 a. m. until 10 p. m.

The Sustaining and Rural are some as the Senior, except the sustaining members have use of private locker rooms.

Various social clubs will be started, all kinds of game tournaments, athletic stunts, educational clubs, classes and lectures.

Bible classes, shop meetings, mass meetings, etc.

An extra fee is charged for instruction in night school classes.

The dormitory rooms will be rented to Y. M. C. A. members at very reasonable rates.

Any man or boy holding a membership in the Y. M. C. A. here, can use his ticket in any Association in the U. S. or Canada. When he joins this movement, he becomes a member of an organization whose membership now in the United States alone is pressing near the million mark.

WANTED—Girls in the packing room at Hagerty Shoe Factory.

## BLACKS AND WHITES MIXED

## FOUR UNDESIRABLES

### ORDERED TO LEAVE CITY

Four more undesirables were ordered out of the city Monday, and have not waited for a second invitation to go, but left within a few hours after the order was given, bringing the total number of bad characters who have been forced to leave during the past 22 months, up to 143.

The quartette were badly mixed, and lived in a little hovel in "hell's half acre", the place containing neither bed, chairs, or anything else of like nature, and the entire bunch

doing little or nothing for a living. One of the fellows was named Gibson and the other Johnson, or Williams. Gibson was white, but had a black wife, and the other fellow was black with a white wife. They were a disreputable set and complaint had been made by people of the neighborhood.

After investigating the situation, the people were ordered to leave, and did so. They had come from southern Ohio, and one of them had changed his name two or three times since his arrival here.

## BIG FLY WHEEL BURSTS

## INTO MANY PIECES

### ACCIDENT AT HAGERTY FACTORY

Engineer Hettinger is Seriously Hurt

### BIG PLANT IS DISABLED

Pending Repair of Gas Engine Which Drives Almost All the Machinery.

Harry Hettinger, 35, engineer at the Hagerty Shoe Factory, was seriously injured Tuesday morning at 9:30 o'clock, when both of the eight foot fly wheels on the big gas engine at the shoe factory burst, and one of the large sections struck him, breaking several ribs on his right side, injuring his back, head and lower limbs.

Mr. Hettinger was at work near the big gas engine when one of the wheels, revolving at high speed suddenly flew to pieces, causing the other fly wheel to burst and fall upon him, pinning him beneath the heavy fragments of iron, and causing all machinery driven by the big engine to come to a sudden halt.

A rush was made for the engine room to ascertain the trouble and to investigate for the cause of the noise when the big wheels, went to pieces and crashed about the room. For a few moments Engineer Hettinger was unconscious from the injuries, but was quickly removed from his position among the fragments of the wheels, and a physician was summoned.

The full extent of the man's injuries have not been ascertained, as it has not developed whether he suffered internal injuries. His face, legs and part of his body are horribly bruised and skin torn off in large sections. His right side was crushed in and it is thought at least two

ribs were torn from the vertebra, and other injuries inflicted which caused him to suffer great agony.

He was removed to his residence on the corner of North street and Rose avenue, where he is now confined to his bed. Drs. Ireland and Todhunter were the attending physicians.

Until repairs can be made the big shoe factory will remain closed down for lack of motive power, as the engine furnished power for the greater part of the plant.

## Famous Trophies On Exhibition

An interesting exhibit in the windows of C. A. Gossard's jewelry store is the trophies won by the Leyman Buick Co., of Cincinnati, and pictures of famous racers and races.

The trophies are exceedingly handsome cups of silver, lined with gold, the largest and most elegant, a silver globe supported by eagles, presented by the New Orleans Auto club at the Mardi Gras carnival.

In the opposite window is the picture of the Buick factory, the largest in the world, and scenes taken from the noted Mt. Lookout climb, for which the Buick holds the record, and pictures of the famous drivers, Strang, Cheveolett, Burman and DeWitt. The Cobe trophy race at Chicago is also shown in pictures.

The racing car that won in these contests will be here Wednesday or Thursday.

## SIDEWALKS.

There has been a great deal of discussion, pro and con, on sewer construction, street improvement, bond issues and what not pertaining to matters legislative in our municipal affairs, but there is another matter which will not involve the expenditure of any thing like the sum of money which many others would involve and that is the matter of sidewalks.

Washington is a city containing considerable over seven thousand people, even relying on the conservative figures of the last federal census and perhaps full one-fourth of that population lives across the creek in what is known as the "Sunnyside" district, yet it is a notorious fact that on every street leading from the city proper to that section, the sidewalks are almost impassable.

Main, Fayette, North and Sycamore streets are practically devoid of sidewalks and why some of our municipal authorities do not move in a decisive manner in this all important matter is past understanding.

The matter has been "called up" in council meetings several times but it has resulted in nothing more than a conclusion that the railroad companies owning the real estate lying between the "old road"—the C. & M. V. Ry.—and Paint creek, it is their duty to put down at least such sidewalks as will keep people, compelled to traverse that section, out of the mire and there the matter stops.

Having arrived at that conclusion the city officials act as though their whole duty was discharged. Once or twice the railroad companies have been notified to put down new sidewalks but as is usually with railroad companies, they pay no attention to the notification.

No one seems to know what to do next.

Surely in all the vast mass of laws in the Ohio statutes there is somewhere a provision which will enable a city the size of Washington to compel even a railroad company to discharge its duty and the city solicitor should certainly be requested to look up those provisions and get matters started straight and take such steps as will bring the long desired relief.

Winter is coming on and this matter should be attended to before bad weather sets in if it is possible to do so.

There are other sections of the city suffering for sidewalks too, but this seems to be the most flagrant case.

Come, its time to act advisedly and decisively.

The official who starts the movement which will result in giving Washington people, who reside across the creek or in the outlying districts, decent sidewalks to get to and from their work will be hailed as a public benefactor.

This question of good sidewalks is so easy of solution and the relief so easy of attainment that we should not be compelled to endure longer our present evils, in that matter any way.

## Aeroplane That Can Defy Rough Weather Is the Chief Need

By GLENN CURTISS, Veteran Aviator

IT IS OBVIOUSLY APPARENT that the aeroplane which will be of the GREATEST value to MILITARY ORGANIZATIONS is the one that can be operated under any and ALL WEATHER CONDITIONS. This is more important than the matter of carrying explosives, inasmuch as the explosives would be of no value for this purpose if there were no aeroplanes to carry them in rough weather.

Under ACTUAL CONDITIONS of WARFARE there could be no waiting until the weather conditions should become favorable. The military aeroplanes MUST BE READY for IMMEDIATE ACTION in any emergency. Such a machine would not only meet the most IMPORTANT REQUIREMENT of MILITARY AVIATION, but it would also be the most useful machine for COMMERCIAL PURPOSES.

If one army equipped with SPEED BIPLANES should encounter an adversary having SLOW FLYING, weight carrying aeroplanes and ROUGH WEATHER conditions should prevail the resultant advantage to the army equipped with speed machines would be EVIDENT.

I would summarize the points to be taken into consideration in determining the best type of military aeroplane as follows, naming each point in the order of its importance according to my views:

- DEGREE OF SAFETY WHEN OPERATED IN ROUGH WEATHER.
- SPEED IN ALTITUDE CLIMBING.
- SCOPE OF VISION OF OPERATOR AND PASSENGER.
- FACILITY FOR ALIGHTING ON EITHER LAND OR WATER AND RISING FROM EITHER LAND OR WATER.
- FACTORS OF SAFETY IN DESIGN AND CONSTRUCTION.
- WEIGHT CARRYING.

for the American league champions, and when the game was over Philadelphia were again confident that their great ball team will win the series.

The paid attendance was 26,286; the gross receipts amounted to \$42,962.50; the players' share was \$23,199.75. Each club took down \$7,733.25 while the national commission's rake-off was \$4,296.25. For the two games already played the total gross receipts foot up \$129,321.50.

The Giants made a bee line for a special train near by as soon as they had put on their street clothes. They were disappointed, but not downcast, and McGraw said without winking an eyelash:

"What Managers Said.  
"Well, it's a tie now, but we're going to win two with Matty. Then we'll send Marquard right back again, and with the experience he received he will prove much better. It was a trying test for him with such a big crowd to deal with, and under the circumstances he should not be censured. He pitched a good game and it was a case of misfortune that Baker should have hammered out that four-bagger just at the right moment. We are going to win the series, and I don't think the Athletics will beat us again. We haven't begun to hit like we can, but that will come later. I'll admit that Plank pitched better ball than I expected, but he can't do it every day."  
"If we had known that Marquard was so nervous before the game," said Connie Mack, "we probably would have slaughtered his pitching."

## Whole Family Killed

Heads of Father, Mother and Children Mutilated With Ax.

Ellsworth, Kan., Oct. 17.—Slain as they slept, the bodies of Will Showman, a chauffeur, his wife and three small children, were discovered in the Showman home by a neighbor. The features of all the victims were battered beyond recognition by the blows of an ax, which the slayer had used. The baby's head was severed from the body. The authorities have failed to find any cause for the crime.

## Natural Gas For Heating.

Where there is no furnace is just the thing. Get a good natural gas stove, have damper put in pipe connected with flue, and you can save nearly all the heat, while coal stoves lose from 80 to 90 per cent. of heat generated, simply because of carrying off the smoke and fumes.

For stores, offices and small residences, heat with natural gas, the greatest luxury of modern times. THE WASHINGTON GAS & ELECTRIC CO.

### PLAYING THE GAME.

Life is a game with a glorious prize,  
If we only play it aright.  
It is give and take and build and break,  
And often it ends in a fight;  
But he surely wins who honestly tries  
(Regardless of wealth or fame);  
He can never despair who plays it fair—  
How are YOU playing the Game?

Do you wilt and whine if you fail to win

In the manner you think your due?  
Do you sneer at a man in case he can,

And does, do better than you?

Do you take your rebuffs with a knowing grin;  
Do you laugh though you pull up lame?

Does your faith hold true when the whole world's blue?  
How are you playing the Game?

Get into the thick of it—wade in, boys!—  
Whatever your cherished goal;

Brace up your will till your pulses thrill,  
And you DARE—to your very soul!

Do something more than make a noise;  
Let your purpose leap into flame

As you plunge with the cry, I shall do or die!"

Then you will be playing the Game!

— Philadelphia Public Ledger.

### AVERTS AWFUL TRAGEDY.

Timely advice given Mrs. C. W. Loughby, of Marengo, Wis. (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Blackmer & Tanquary.

## Warden Jones Fires Guards

Columbus, O., Oct. 17.—Warden Jones notified Guards Stearns of Lucas county and Matthews of Wood county their resignations would be accepted if they would hand them in, and both immediately complied. Guard Stearns was on duty at the west tower, near which Clyde Stratton and Steve Murray, escaped convicts, who are still at large, went over the wall Friday noon. Guard Matthews was held responsible by the warden for not leaving instructions with the guards on the wall not to allow any prisoners on the scaffold during the noon hour, when the guards who oversee the work were not on hand.

### Indian Congress Quits.

Columbus, O., Oct. 17.—At the final session of the American Indian congress here T. L. Sloane, an Omaha Indian of Pender, Neb., was elected president, and Charles E. Dagenett, a Peoria Indian of Denver, Colo., was elected secretary of the temporary organization to serve until a permanent national organization is formed. This will not be done until a later convention. A convention is to be called to build a constitution and then the permanent National Association of American Indians will be formed.

### Priest Marks Murder Spot.

Stuebenville, O., Oct. 17.—The trial of Stanislaus and John Wisniski for stabbing Walter and Peter Klomis to death near Adena six months ago developed that the spot of the murder is marked in a unique way. Rev. Father Wiercinski has set up there a white cross and on it this inscription: "Thou shalt not kill," thus keeping, he says, the divine warning before any who wander that way near the forks of two roads.

### New Broom Sweeps Clean.

Columbus, O., Oct. 17.—Showing a net saving of more than \$2,000 over the expenses of his predecessor, C. W. Naas, new superintendent of subsistence at the penitentiary, submitted a report to Warden Jones accounting for his first month. Although he has fed the prisoners at 4 cents per capita per diem less than the former superintendent, P. J. Finn, the prisoners say they get better food than formerly.

## THE MEXICAN REBELS CONTINUE ON MOVE CONFLICTS COMMON

Mexican Soldiers Kill Hundred and Burn Village.

Monterey, Mexico, Oct. 17.—According to advices from Chiapas de Corzo, state of Chiapas, more than 100 persons were killed and more than 200 men and women were wounded when the town was attacked by federal troops and supporters of the present capital of Tuxtla.

In Caponala there was another bloody encounter. The town was taken by the federals after a five-hour combat with the inhabitants. After a two-hours' battle the town of Concordia was set on fire and the village destroyed.

A band of rebel Indians from Quintana Roo attacked a group of gum-makers, five leagues west of Santa Maria, not far from the town of Peto. The federal escort and the gum-makers fought valiantly against the

Indians. The sergeant, corporal of the guard and four soldiers and four of the gum-makers were killed. About 300 shots were fired, and the rebels sustained heavy losses in killed and wounded.

A dispatch from Mexico City says that Ernesto Madero, minister of finance, has issued a statement showing the personal expense of Francisco I. Madero, Jr., during the revolution, and for which the latter was reimbursed out of the government funds, as follows:

Cost of arms, munitions and equipment, \$154,000; paid lawyers in New York, Washington, San Antonio and elsewhere, \$55,000; confidential agency in New York, \$6,000; agency in San Antonio, \$18,000; agency in Washington, \$5,000; agency in El Paso, \$15,000; for publicity campaign in newspapers, \$12,000; traveling expenses, \$50,000.

Q.—Since the Apostle clearly explains in I Corinthians xv, 35-38, that the body will not be resurrected, what does he mean when he says: "So also is the resurrection of the dead. It is sown in corruption, it is raised in incorruption," etc. (I Corinthians xv, 42-44.) What is meant by the expression "it?" What is resurrected?

Answer.—We answer that "it" is the soul that is restored or resuscitated. What was it that died? The Scripture reply is—"The soul that sinneth 'it' shall die." The living, intelligent, sentient being is to be raised up by Divine power in the time of resurrection—"when all who are in their graves shall come forth." A phonograph with recording cylinder, furnishes an excellent illustration of the resurrection. The cylinder placed in the machine will have impressions formed upon it by sounds produced by the voice or by some other means. After the cylinder has received its full impression it is laid away and preserved for some years while the phonograph is destroyed. Bye and bye the cylinder is taken from its place and put into a new phonograph, where the original sounds are reproduced. Thus it is with the individual. His character is formed by the impressions received in the daily experiences of life. His body corresponds to the machine. In course of time he dies. The body is destroyed and the character or identity is preserved by the Lord, we know not how nor where. In the resurrection the character (wax cylinder) will be placed in a new body (machine) and the original thoughts, memory, etc., will be reproduced. A fine "record" will be placed in a high class machine. A poor record (if not destroyed because of worthlessness) will be placed in a lower grade instrument.

## NEW TALES THAT ARE TOLD

### The Professor's Memory.

When David Starr Jordan was the president of Indiana university he used to pride himself on knowing all the students by name. Like Themistocles and Julius Caesar, who are reputed to have known the names of all their soldiers, Starr Jordan would exhibit his proficiency on all occasions with extreme delight.

Recently an Indiana man who had been a student under Jordan in the

"No, sir, I have given that up," Hoosier college stopped him on the campus at Stanford and asked, "Dr. Jordan, do you make a point of knowing the names of all your students?" The president of Stanford paused, passed a hand reflectively over his chin and answered slowly: "No, sir, I have given that up. I found that every time I remembered the name of a student I forgot the name of a fish."

### An Ungrateful Sponsor.

Few St. Louisans are so notoriously bald as Walker Hill, president of the Mechanics-American bank. The other day a friend thrust his head into Mr. Hill's office.

"Getting up in the world, aren't you?"

"Huh?" Mr. Hill said. "I understand they have named a new town for you."

"That so?" the banker responded, not unduly flattered by the news.

"Yes—some place down on the Iron mountain."

"That's funny," Mr. Hill said. "I don't know anything about it. What's the name of the town?"

"Bald Knob," the friend said, withdrawing uproariously.—St. Louis Post-Dispatch.

## HOW JOE SIBLEY ROUTED THE MUSE

### Why John Sharp Williams' Poem Didn't Fit.

The Hon. Joseph Sibley, who is one of Pennsylvania's richest men and who has the proud record of being elected to one congress as a Democrat and to the succeeding congress as a Republican, has a fine, big summer place up on Lake Champlain. In former days he delighted to take representatives up to this house and entertain them. One summer John Sharp Williams was in a party.

That winter when things were dull in the house Williams wrote a poem about Sibley's place. It was a tender little ballad describing a lovesick couple who sat on the fence and spooned at the moon while the silvery waters of Champlain beat with fairy fingers on the shimmering shore.

He took it over to Sibley. "See here, Joe," he said. "I've written a fine poem about your place up on Lake Champlain. Read it."

Sibley read it and handed it back without comment.

"What do you think of it?" asked the poet.

"Rotten," said Sibley.

"Why so?" flared Williams. "It's a good poem, and that's a fine touch about those people sitting on the fence in the moonlight."

"Fine touch," snorted Sibley. "I should think it was. All the fences on my place are made of barbed wire."—Saturday Evening Post.

### Beerbohm Tree's Wit.

Not long ago Sir Herbert Beerbohm Tree was present at a supper where Signor Grasso was an honored and much fêted guest. When the banquet was over and every one was departing Grasso was so confused and carried away by the attentions which had been showered upon him that he directed his taxi driver to drive him to the stage door of the theater at which he was playing.

"What on earth does he want to go back to the theater for at this time of the night?" asked one of those who were waving him adieu.

"Ah," said Sir Herbert Tree, "I expect he has forgotten to kiss the fireman!"—M. A. P.

## A HARMLESS WAY TO DARKEN THE HAIR

### A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair,

and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is thin or turning gray, get a

bottle of this remedy from your druggist today, and see what it will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, Brown's Drug Store.

## Jack London's Brilliant Story of Millions and a Maid

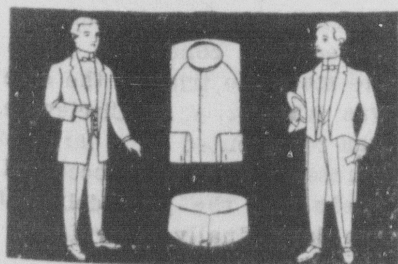

Will Appear in Serial Form in This Paper

BURNING DAYLIGHT is the best work yet produced by this masterful writer who has roughed it in many fields of adventure. Burning Daylight is a character fashioned out of the frozen North; how he comes out of the Klondike with wealth won from the obdurate earth, is vanquished and stripped of his millions in Wall Street, regains them, and returning to the West from whence he came, is conquered anew by love, then to renounce his riches, is told in the powerful style of this author who has achieved world-wide popularity.

# Kilgore Denies That He Premeditated Collision

Mr. Harley Kilgore, who was running the automobile which crashed into the buggy of Robert Steele, on the Jeffersonville pike Sunday, has entered a denial to the charge that he collided with the rig purposely.

Mr. Kilgore claims that Mr. Steele was driving in the middle of the road and did not give room for him to pass, making the accident unavoidable. Mr. Kilgore also denies that he knew Mr. Steele was the owner of the buggy until after the collision when Mr. Steele he says came to him threatening violence. Kilgore also denies that there were witnesses to accident other than himself Steele and the young lady in the auto. He says the buggy was not demolished, the damage consisting of one broken wheel, a broken bow in the top and a slight injury to the shafts. Kilgore claims that he endeavored to pass the buggy with safety, but was given no room and to have turned further out meant to run the auto into the fence. He thinks the wheel hub of the auto barely caught the buggy, but the force of the impact was sufficient to over-turn the rig and throw out the occupant.

# Swallowed Chloroform Yet Lived Two Weeks

John Porter, aged about 48, died at his home in Jeffersonville late Sunday evening, leaving a wife and 8 children. Funeral services were held Tuesday.

Some two weeks ago Porter swallowed an ounce of chloroform, either by mistake or with suicidal intent, and remained at the point of death for some time. He was on the road to recovery but became ill and died Sunday.

# Fall Fair Postponed Until Thursday and Friday

What has Washington C. H. ever done to get in the bad graces of the weather man? Here for the second time in one short season, races, anticipated all over the county, are being frustrated by such downpours of rain that they resemble cloud bursts.

Monday, too perfect to be aught but a weather breeder, aroused fears on the part of the Fall Fair management and when the skies were fairly spilling out Tuesday morning the disappointment of the management was beyond words.

Not in years has there been a higher class bunch of horses on the Fair grounds or a better entry for the races.

The Wild West show is a genuine attraction; one beyond the ordinary.

The auto races for Thursday morning were arousing keen interest and the biggest drawing card of the Fall Fair was "that mule race" booked for Wednesday morning.

However, the Fair management, far from being discouraged, is hoping that by a day's postponement, the program can be fully carried out.

Wednesday's program will be changed to Thursday and Thursday to Friday, every thing carried out as announced.

Everybody ought to boost the Fall Fair and help to make the days the big success that the racing cards and various attractions deserve.

There is a rumor to the effect that the stores will close Thursday afternoon, but no announcement has been made.

Seventeen years ago today, October 17th, the most terrible ordeal which Fayette county has ever passed through, was visited upon us. The horrid memories of that day and the night which followed are still fresh in the minds of many of our citizens. A new generation is now coming on the scene of action, which is unfamiliar with that day, and the sorrow it brought, and many of the older people have forgotten some of the details.

The Herald has, from an old newspaper file, been able to obtain some of the facts in connection with that time, which are reproduced today.

There are many events leading up to and following after the fearful climax which came at about 8 o'clock on the night of October 17th, 1894, which cannot be here detailed because of lack of space.

The interesting personal experiences and hair-breadth escapes must be omitted because they are too numerous to incorporate in a review of reasonable length.

Here are a few of the important facts:

Horrible crime committed by negro Jasper Dolby near Parretts Station on Tuesday, October 10th, 1894. Brute escaped and was arrested at Delaware on Sunday, October 15 and brought to this city Monday on the early train by Deputy Sheriff Jas. F. Cook, Jr.

His victim was brought here on Tuesday and in the waiting room at the sheriff's residence she identified the negro as her assailant.

By ten o'clock there was a large crowd about the jail, but little noise was made and at 10:30 Tuesday morning, Company E, O. N. G., under command of Capt. Vincent, was ordered out and filed from the armory to the jail.

Vincent ordered the people to disperse and the crowd scattered, making threats, and rumors of gathering reinforcements flew thick and fast.

The firing of a bunch of fire crackers added to the excitement.

In the evening communicated with Governor McKinley, stating that the sheriff had issued an order calling out his company which was then on guard.

At midnight on Tuesday Governor McKinley was telegraphed to and asked to send two more companies of State Militia. These two companies under command of Col. A. B. Coit arrived the following morning. When these companies arrived the crowd had dispersed and gone home.

A special grand jury composed of M. S. Daugherty, T. F. Brown, J. Relf J. F. Dennis, E. A. Ramsey, S. S. Cockerill, W. R. Dalbey, Amos Thornton, Jno. Urquhart, B. H. Smith, Lew Rothrock, Elmer Welsheimer, Eli Craig, Henry Hilderbrand and N. S. Barnett having been empanelled an indictment against the negro was returned.

Shortly after four o'clock on Wednesday the prisoner was taken from the jail to the court house and arraigned before Judge H. B. Maynard, plead guilty in a trembling voice and was sentenced to twenty years imprisonment in the Ohio penitentiary.

On the way to the court house a large number of relatives were assembled, together with their friends on the court house lawn, stood ready to grab the brute as he passed.

Two lines of militiamen, reaching from jail to court house guarded him from attack, however. The crowds surged against the lines, demanding possession, the soldiers charged several times with fixed bayonets and a number of persons in the crowd were injured by bayonet thrusts, among them Henry Kirk, brother-in-law and Elmer T. Boyd, son of the victim.

Just as the negro was ascending the court house steps the crowd made a rush for the prisoner. The soldiers used the butts of their rifles and sword hilts, raining blows on the heads of the crowd. Mr. Boyd was

# Serious Charges Against Two Men

Millard Goings, of Madison county, a young farmer who is known in northern Fayette, and Dr. W. S. G. Dillahun, of Springfield, are under \$1000 bonds for their appearance before the grand jury of Clark county, upon criminal charges brought by George Francis, father of Zelvie Francis, his daughter, whom he alleges was wronged by young Goings and underwent an operation at the hands of Dr. Dillahun.

Goings was located by detectives, who found him in a pool room in London. Both parties furnished bail. The girl is in a serious condition and her recovery is extremely doubtful. The Clark County Medical Society is back of the case and will push proceedings to the limit.

# Diegel's Appeal Refused by Court

Columbus, October 17.—The Circuit Court overruled Rodney J. Diegel's appeal. The convicted man must serve three years in the penitentiary unless further stay of execution is granted, pending possible appeal to the Supreme court.

Berlin, October 17.—Advices from Hankow state that the German blue jackets are fighting a Chinese mob in the streets of Hankow.

# Hog Thieves Are Busy

Hog thieves are busy in the South Charleston neighborhood, and a large number of pigs and even full-grown hogs are reported missing. For some two weeks the thieves have been plying their trade almost nightly, and farmers are organizing to break up the gang of pork thieves.

In one instance a farmer lost a sow and, suspecting a neighbor of having purloined the sow, went in search, finding his property in the barn of his neighbor. He commenced the work of rescuing his property and the neighbor appeared upon the scene with a shot gun, ordering him away, but the nifty farmer stood his ground and removed the sow.

The thieves have been stealing the hogs and shipping them to Springfield to market. The purloiners of pork do not stop with hog stealing, but chickens, ducks, etc., fall prey to their greedy hands.

The negro was finally dragged into the court house.

Later Col. Coit plead with the crowd to leave and several citizens did likewise. The crowd called for the surrender of the prisoner.

Injured: Theodore Ammerman, clerk in Bendle's store, shot through thighs, died in a few days. Frank Nitterhouse, county auditor-elect, aged about 70, shot below the knee and right foot shot away, died in a few weeks afterward. John McHugh, shot in leg. John Korn

Just Before Dolby was Taken From Jail to Court House.. Two Lines of Militia Men Guarding the Pathway.

It was reported at that time that his victim was near death and the crowd became more incensed. Elmer Boyd mounted the steps, thanked the people for their sympathy and asked them to disperse.

That evening the sheriff telegraphed to Adjutant General Howe asking additional troops, which were started at once.

The court house was cleared and the building garrisoned with troops. All the doors of the building were closed except the north door.

At seven-thirty o'clock the stables in the rear of the Cherry Hotel were discovered on fire, increasing the crowd on the streets. As soon as the fire was extinguished the crowd in the court house yard increased and the front doors on the south side were attacked.

The soldiers notified those attacking that if the doors were opened

Besides the above a number of others were slightly wounded and a number had narrow escapes. Among them ex-Senator T. W. Marchant, shot through the clothing.

Dr. Guy Saxton had three bullet holes in his clothing, a cane which he carried in his hand was shot in two. Frank J. McBride was shot through the left foot.

they would fire. A moment later the doors sprang open a few inches and a volley of shots was fired. The crowd scattered to places of safety. It was reported that only blank cartridges were fired, but when the crowd ventured again to the door they found dead and injured lying around.

The dead: Smith Welch, aged 18, son of E. B. Welch, druggist, killed instantly. Shot through the head. Jesse Judy, aged 25, shot through the thighs and died in about an hour. Mack Johnson, of Kyles, O., shot through bowels, died during the night. Williams Sams, Athens Co., shot through bowels, died several hours later.

First Ohio Battery arrived shortly after midnight by special train and took possession. The prisoner was taken to Columbus on the early morning train.

Subsequently Coroner James M. Edwards held an inquest.

Col. Coit was indicted for manslaughter and Prosecuting Attorney W. B. Rogers assisted by Humphrey Jones and Ulric Sloane as special prosecutors, conducted on behalf of the state the trial of the case which was transferred to Circleville. Coit was represented by a large array of counsel. The trial occupied many weeks and the jury deliberated for five days, finally returning a verdict of not guilty.

## P. F. Ortman Assaulted Assailant Pays Fine

Monday evening about 8:00 o'clock, P. F. Ortman, owner of the Slope Garage, appeared before Mayor Allen and filed an affidavit against Will Rodgers, of Good Hope, charging him with assault and battery. Mr. Ortman's neck and ear were bleeding profusely from wounds where the blow landed.

The affidavit was placed in the hands of Chief Devaney, and Mr. Rodgers, who could not be found at the time, was later notified to appear at nine o'clock Tuesday morning and

plead. Promptly at nine o'clock Mr. Rodgers came in, entered a plea of guilty, and was fined \$5 and the costs.

The trouble is alleged to have grown out of a remark made by Ortman regarding Roger's brother-in-law, and which came to the ears of Rodgers, who went to the garage and is alleged to have struck Ortman on the right side of the head and neck without warning. Ortman was stunned for a few moments by the heavy blow.

## Athletics Win Out By Last Inning Rally

Special to Herald.  
New York, Oct. 17th.—The New York Giants and Philadelphia Athletics played the third game of the world's championship series here today.

McGraw again sent the reliable Mathewson to the pitchers' mound while Connie Mack pinned his faith to the sensational Jack Coombs, the pitching hero of last year's world's series.

Both pitchers were in fine shape, "Big Six" holding the

Mackmen safe until the ninth inning when they tied up the score.

Coombs was steady and strong throughout the grilling contest.

The score:

1 2 3 4 5 6 7 8 9 10 11

New York 0 0 1 0 0 0 0 0 1—2

Phila 0 0 0 0 0 0 0 1 0 2—3

Hits—By New York 3; by Philadelphia 9.

Errors—By New York 6, by Philadelphia 2.

Batteries—For New York, Mathewson and Myers; for Philadelphia Coombs and Lapp.

### BANNER FOOTBALL SEASON IS PREDICTED

McDevitt, Right Tackle on Yale Team.

The 1911 football season will be one of the most important in the history of the gridiron game. Fully 1,000 important games will be played throughout the country, and the game played under the new rules, which make for open play, promises to enjoy its unusual popularity. Three more of the big eastern colleges are trying the graduate coaching system this year—Yale, Princeton and Syracuse.

One of the big features of the season will be the meeting of Harvard and Princeton at Princeton, on Novem-

ber 4. They last met 14 years ago, when the Tigers lowered the Crimson colors. Harvard, too, will play the Carlisle Indians at Cambridge this year.

#### Vail Returns to Badgers.

Rowing Coach Harry Vail asserted the other day he would not return to Harvard. He said he had accepted the proposition of the University of Wisconsin, and will take up his duties as head coach at the Wisconsin institution.

#### MAKE-UP OF MICHIGAN TEAM

Rather Peculiar Because of Fact That Most of Stars Hail From One of Three Cities.

The make-up of the first team that Coach Yost of Michigan has been lining up is peculiar because of the fact that the men for the most part hail from one of three towns.

Ann Arbor contributes three, Captain Conklin, Bogle and Allmendinger, all linemen. Detroit furnishes five, of whom four were on the central high team together, while the fifth was playing for D. U. S. They are Garrels, Craig, Patterson and Torbet from Central and Pontius from the Elmwood school. Saginaw sends two of the other three men, Carpell and Thomson, who played on the same team in the northern town.

The eleventh and most famous player on the team, by virtue of his having won a place on Camp's All-American team, Stan Wells, hails from Ohio, and from a town that was only known to its inhabitants until Wells made the two forward passes that

Frank Picard.

took the ball down to the three-yard line in the Minnesota game, and then made the remaining three yards on two bucks through the left side of the Minnesota line.

#### A Puzzling Applicant.

When needy Mrs. Caderette required a letter of introduction to the benevolent association Jules Duport, proud of his ability to express himself in English, obligingly helped her out. Imagine the bewilderment of the secretary when a large, robust lady in search of work presented what well meaning Jules had written:

"This is Miss Caderette that I induce wherewith to everybody. This lady has been sick for a long time and is still in bed. She has five children, all little and partly dead, and is in very poor condition, as she have no money. Her husband went away two years ago and has not never been heard of since. This man has rheumatism, is a cripple and cannot help herself. This lady is his brother's girl. Help her and she will be very comfortable."

As the sick abed lady could speak no English, she was unable to explain why she looked so well, but the secretary made her "very comfortable" with steady employment in a laundry. —Youth's Companion.

#### An Eye For Lines.

"The last time I was here I saw that same woman," said the man who was waiting for his eyeglasses to be adjusted. The optician looked across the room to a little woman in faded black. "Yes," he said, "and if you should be here three months from today you would see her again. She comes every three months. She is a palmist. Nobody gives closer attention to the eyes than the professional palmist. Most of them wear glasses, and they visit an optician regularly. With every change in their eyes their glasses are changed. They have to do that to keep track of all the fine lines in their clients' hands."

"They have keen eyes themselves, those persons who patronize palmists, and are apt to pick out any number of little straggling lines and ask what they mean. If the palmist can't see the lines herself she is likely to get into trouble." —New York Times.

#### Modest Marie.

"In November, 1875," writes Marie Bashkirtseff, "the great day of the opera, I was nervous all day. I wore a white muslin jupe unie (whatever that may be with a wide frill at the bottom; corsage Marie Stuart and coiffure in harmony with the gown. A very beautiful affair. Every one admired me. About the middle of the performance the feeling swept over me that I was beautiful to distraction. At the close I made my way out between two lines of gentlemen who stare themselves blind, and their verdict is not an unfavorable one. One feels that. Coming home, I looked at myself in the glass. I was like a queen, like a portrait that had stepped out of its frame. What a misfortune it is that instead of these pen scratches I cannot draw my portrait as I was then—my marvelous complexion, my golden hair, my eyes black like the night, my mouth, my figure!"

#### A Quibbler.

"These people obey the letter, perhaps, but they don't obey the spirit of the law." The speaker was discussing certain troublesome and wily transgressors. He continued: "And they don't even interpret the letter of the law correctly. They and their attorneys quibble like the young man in Pike county."

"A young man and his girl were strolling in a Pike county meadow when a bull dashed upon them."

"Stay here and protect my retreat," cried the girl. "You know, Reggie, you've often said you'd face death for my sake."

"But Reggie, who had already sprinted fifty yards, called back over his shoulder:

"Do you call that bull dead?" —New York Press.

#### Why Rubber Tires Grow Hot.

When an automobile is running at high speed the rubber tires are rapidly warmed, and the heat sometimes becomes very great, with resultant injury to the rubber. The cause of this accumulation of heat in the tire is ascribed to the kneading of the rubber, which generates heat faster than it can be radiated away. For this reason manufacturers have found it to be an advantage to have metal parts in the tread, such as the ends of rivets, in contact with the tire, because the metal being a good radiator, helps to carry off the heat of the outer air.

#### A Composer's Dream.

The "Devil's Sonata" was written by Tartini, Italian musician, under the inspiration of a dream, in which the arch fiend challenged him to a trial of skill. Entranced by the wonderful performance of his visitor, the dreamer upon awakening seized his violin and produced from his general impressions this celebrated composition.

#### The Virtue of Vanity.

What a hideous place to live in this world would be if women took it upon themselves to be too superior for the use of the powder puff! —London Madame.

#### Thought Reading.

"Can I see you apart for a moment?" "You mean alone, don't you?" "Exactly; I want the loan of a fiver." —London Bystander.

#### When China Was Good.

During the reigns of Yao and Chun in 2200 B. C. virtue pervaded China and crime was unknown, while prosperity abounded.

He who is most slow in making a promise is the most faithful in its performance. —Rousseau.

### LITTLE DONE WITH NERVES ON EDGE

Debilitated Condition Saps Life and Energy from People Who Need All Their Strength.

Half sick, tired all the time, no energy or ambition, with your nerves on edge and your stomach out of order, how can you expect to get any happiness out of life when in such a miserable state?

You can't, and you won't, until you find relief from the debilitated condition that is sapping your vitality and robbing you of your strength.

Physicians know that half the population in the larger cities of this country are today afflicted with nervous debility caused by the wear and tear of modern life.

A preparation has been used by European physicians to combat this nervous condition with remarkable success. A similar preparation "Tona Vita" was introduced in this country a few months ago and is making a marvelous record here. "Tona Vita" is bringing back health and happiness to thousands of listless, debilitated men and women. You owe it to your family, you owe it to yourself to let this wonderful new tonic build you up. There is no other medicine like it on earth; one dose will convince any one of this. If "Tona Vita" doesn't do more for you than all the other medicines you have ever taken, if it doesn't make you happier and healthier and

better in every way, what you pay for it will be returned to you by Brown's Drug Store.

Lee's Rhubarb Laxative, the assistant remedy, is another great medicine. It is a splendid family laxative, containing the medicinal properties of rhubarb—nature's own laxative. It will not injure the most delicate constitution and should be used for children above everything else. It is pleasant to the taste.

Brown's Drug Store has the Washington C. H. O. agency for "Tona Vita" and Lee's Rhubarb Laxative.

#### Body of Pig Hunter Found.

Akron, O., Oct. 17.—The body of Charles Creslock, 19, who was drowned two weeks ago while attempting to rescue a pig from the Cuyahoga river at Boston Mills, was found on an island a mile below the point where he went down. The body of Creslock's companion, who was drowned at the same time and in the same manner, has not been recovered.

#### Lake Gives Up Its Dead.

Chillicothe, O., Oct. 17.—John Miller, 55, a Spanish-American war veteran, was found dead in the park lake. He had been missing since Thursday. The supposition is he was sitting on the bank and rolled in.

#### Bank Robbers Escape.

Clarksville, Va., Oct. 17.—Burglars dynamited the vault of the Planters' bank here and after a fusillade of shots escaped with what is believed to be a large sum of money. J. C. Clements, who slept in a room above the bank, awakened by the explosion, exchanged shots with the robbers.

#### Warden Jones May Be Given Chance to Defend Himself.

Columbus, O., Oct. 17.—The probe of the state prison will take a new turn when resumed Thursday and will go searchingly into the warden's management of that institution, Assistant Attorney Charles C. Marshall announced.

This will be the result of the letter of protest sent by Warden Jones to the attorney general, in which he declared that he was being accused without warrant or any opportunity to rebut. It is expected that the warden himself will be given opportunity to present his side of the case.
